## Product Description

This ADVA ${ }^{\circledR}$ 0061704516-03 compatible SFP transceiver provides 1000Base-DWDM throughput up to 120 km over single-mode fiber (SMF) using a wavelength of 1543.73 nm via an LC connector. It is guaranteed to be $100 \%$ compatible with the equivalent ADVA ${ }^{\oplus}$ transceiver. This easy to install, hot swappable transceiver has been programmed, uniquely serialized and data-traffic and application tested to ensure that it will initialize and perform identically. Digital optical monitoring (DOM) support is also present to allow access to real-time operating parameters. This transceiver is Trade Agreements Act (TAA) compliant. We stand behind the quality of our products and proudly offer a limited lifetime warranty.

Proline's transceivers are RoHS compliant and lead-free.

TAA refers to the Trade Agreements Act (19 U.S.C. \& 2501-2581), which is intended to foster fair and open international trade. TAA requires that the U.S. Government may acquire only "U.S. - made or designated country end products.
